

## **Multicultural Paintingworkshop for women in Herøy**

Peacepainting Foundation is planning to arrange a multicultural workshop for women in Herøy during early autumn 2019. This will be in cooperation with Herøy municipality and volunteer bureau.

This workshop is planned to contain a group of women, who will represent the variety in Herøy – and contribute to their integration in the municipality. In this way this will be a support to the welfare work which is going on.

Peacepainting offer the following prospect:

Workshop for 12 women in Herøy – of which four have status as refugees, four working immigrants and four norwegian women living in Herøy. The workshop will be arranged for two days – preferably Friday afternoon and Saturday before noon. Painting and text work will be the task.

Catrine Gangstø – the leader of Peacepainting Foundation will join the workshop together with the undersigned.

It is not necessary with any kind of skill in drawing or painting to take part in this workshop.

The goal is to create good relations, and for the participants to obtain a feeling of equality and mastering through an intuitive painting process.

They who are interesting in joining this meeting and workshop, please take contact with

Jelena Budesá, The volunteer bureau in Herøy.
